

**INTRODUCTORY CLASSES & WORKSHOPS**

Updated May 2011

This lists introductory events Neil will lead in coming months. The asterix (\*) indicates all-level classes and workshops. The all-level intensives offer a chance to deepen our engagement with the power of this lineage and are, thus, highly recommended. Register for these events through the contacts provided - and be advised it is best to sign up early, if possible. Should you not find an event that meets your needs, please get in touch as dates are always being added. Neil also offers private workshops.
