

## INTUITIVE GUIDANCE & HEALING WITH NEIL MCKINLAY

### A List of Services and Fees

Intuitive guidance provides insight into the processes currently at work in our lives, both at the level of the challenges we face and the opportunities that wait to be realized. The hands on work of intuitive healing restores the flow of basic wellness in our beings, reconnecting us with the directionality of our true selves. Both services ultimately reunite us with our inherent brilliance and knowing. Both can be done in-person or over the phone, though the latter often benefits from the immediacy of face to face contact.
